

Associate Membership

To Qualify for associate membership, an applicant must have:

- 1) Attended two scientific meetings and paid the required dues.
- 2) Another route for qualification would be to have attended three study club meetings in one year, then to be eligible to apply for associate membership at a subsequent annual conference.
- 3) To supply a photograph, CV and nomination from two charter/ full or life members in good standing who know the nominee well, both personally and professionally. This must be supplied in advance of the next annual scientific conference.
- 4) Receive a three-fourths affirmative vote, by secret ballot, of the Executive Council and three-fourths affirmative vote of the charter/full and life members present and voting at the Annual General Assembly.
